

Waitsfield and Champlain Valley Telecom Technology Open House

On Saturday May 16, from 10:00 a.m. – 2:00 p.m., Waitsfield and Champlain Valley Telecom will be holding a Technology Open House at our office on Route 100 in Waitsfield. Bring the whole family to see the latest in technology, products and services and a little bit of history. There will be technology demonstrations, fiber-optic demos, splicing, pole climbing, and more. Free food and giveaways!

Please contact Lorraine Keener, at 496-8379 or via e-mail at lkeener@wcvt.com with any questions. We hope you to see you at the open house. ■

Call 8-1-1 Before You Dig!

Building a deck? Planting a tree? Installing a mailbox? 8-1-1 (or 1-888-DIG-SAFE) is the number you should call before you begin any digging project. A federally-mandated national "Call Before You Dig" number, 8-1-1 was created to help protect you from unintentionally hitting underground utility lines while working on digging projects. People digging often make risky assumptions about whether or not they should get their utility lines

marked due to concerns about project delays, costs and previous calls about other projects. These assumptions can be life-threatening. Every digging job requires a call. If you hit an underground utility line while digging, you can harm yourself or those around you, disrupt service to an entire neighborhood and potentially be responsible for fines and repair costs. Remember to contact Dig Safe at 1-888-DIG-SAFE or 8-1-1 prior to any digging. Don't assume you know what's below. Protect yourself and those around you — Call 8-1-1 every time! ■

Champlain Valley Union High School Junior Chosen to Participate in Washington, D.C. Leadership Program

Katherine Cheney, was selected to participate in the Leadership Through Learning Program sponsored by the Foundation for Rural Education (FRED). FRED is a part of the Organization for the Promotion and Advancement of Small Telecommunication Companies (OPASTCO). Katherine was nominated by Waitsfield and Champlain Valley Telecom and will participate in the all expense paid weeklong leadership program this month. A total of fourteen high school juniors and seniors from rural communities around the U.S. that are served by independent telephone companies will also participate in the program. Participants will spend their time learning firsthand about American history, federal government and current events. They also will have the opportunity to meet with government and members of congress. Congratulations Katherine! ■
