Scholarships Awarded to Area High School Students

Each year, Waitsfield and Champlain Valley Telecom grants six scholarships, one to each of the public high schools that students from our service area attend. These scholarships are donated in memory of the late Eunice B. Farr, former owner and operator of the Waitsfield-Fayston Telephone Company and grandmother of Gregg Haskin, WCVT’s President & CEO. The scholarship program is designed to benefit hard-working graduates, planning to continue their educations, whose instructors have found to demonstrate a sincere effort to improve grades/ results.

Waitsfield and Champlain Valley Telecom feels strongly that community involvement is not just a nice thing to do; it’s the right thing to do! Here are a few snapshots of recent community service projects in which our employees participated. Our employees get 16 hours of community service time yearly.

Customer Spotlights

Vermont Tree Goods – Bristol

Vermont Tree Goods (VTG) creates furniture from recycled heirloom trees that have reached the end of their growing years. Through the transformation into furniture, these magnificent beings extend their legacy by living on in your home. VTG is all about being efficient and is the epitome of a “green” business. For every tree they recycle, at least one healthy tree will not need to be taken from the forest and the important role it fills there. VTG has assembled a team of artisans and craftspeople who are passionate about what they build. By milling all of their own lumber, they are able to unlock the hidden gifts that these trees have often taken more than a century to grow. Vermont Tree Goods is located at 27 Main Street in beautiful downtown Bristol. You can reach them at 453-4544 or at www.vermonttreegoods.com.
