HBO Sets a January 2017 Premiere for *The Young Pope*

HBO will add the new dramatic series *The Young Pope* to their primetime lineup beginning on Sunday, January 15. The limited series will air on Sundays and Mondays at 9pm ET/PT through its 10 one-hour episodes run. Oscar nominee Jude Law stars in the title role of the limited drama, with Oscar winner Diane Keaton co-starring as an American nun named Sister Mary who lives in Vatican City. *The Young Pope* tells the story of Lenny Belardo, aka Pius XIII, the first American Pope in history. Young and charming, his election seems to be the result of a simple yet effective media strategy on the part of the College of Cardinals. But appearances can be deceptive—above all, in the place where people have chosen the great mystery of God as the compass guiding their existence. Tune into *The Young Pope* on HBO this winter on channel 400.

MRVTV is now airing *Moretown Select* board meetings from their new town hall!

Watching a TV Channel in High-Definition Just Got Easier

Waitfield Cable recently rolled out an enhancement to its interactive television i-Guide that automatically tunes to the High Definition (HD) channel a customer may select in standard definition (SD). If you have an HD set-top box, you no longer have to search for the HD version of the channel you want to watch — HD Auto tune does it automatically for you! In addition, all scheduled recordings in standard definition will automatically record in HD.

For more information on HD Auto Tune or subscribing to our HDTV service, please contact our Customer Service Department at 496-5800.
