Watch What You Want When You Want With **DVR Service**

With Digital Video Recording (DVR) Service from Waitsfield Cable, you're in control. You can pause live TV such as sporting events and start them again when you're ready. Rewind and replay programs so you don't miss a beat. Record up to 90 hours of your favorite programs and movies to create a personal entertainment library to view at your convenience. And fast-forward through the boring stuff when watching recorded programs to save time.

Multi-Room DVR Service Lets You Do Even More

With Multi-Room DVR Service, you enjoy maximum convenience. You can:

- Watch recorded programs on any connected TV in your home.
- Pause a recorded program in one room and then resume it in another—ideal for when you start getting sleepy and want to finish watching a movie in the bedroom.
- Schedule recordings, set parental controls, and manage program choices on each connected TV.

Keep These DVR Directions Handy

Here are the basics:

- **One-Touch Recording:** Press RECORD anytime while watching TV or navigating through the guide for easy, no-hassle recording from anywhere.
- **Schedule a Recording:** From the Main Menu or Quick Menu, select DVR. Select "Set a Recording," then the start and end time, the day to record, and select.
- **View Recording:** From the Main Menu, select "My Recordings." Search through and highlight title from list of recorded programs. Press OK to select the program.

Still have questions? Visit www.waitsfieldcable.com for online user guides, tutorials, and additional DVR information.

Who Chooses the Channels?

Waitsfield Cable sometimes gets questions from customers about how we make decisions regarding television programming and rates. This is understandable, given the complexities of today's TV industry. To help clear things up, we'll answer some of the most common questions here.

Does Waitsfield Cable Determine the Channels in Your Lineup?

Waitsfield Cable has contracts with the content providers that require certain channel locations in our lineup, the carriage of their affiliate channels, minimum carriage requirements, and packages in which we must provide the channels to our customers. These contracts make it difficult for us to change channel locations or remove/add channels. Content providers often do what's referred to as "tying" channels—this means they require us to take several of their affiliate channels in order to get the one channel we are interested in. They either don't offer the channel we are interested in à la carte, or they make the à la carte rate so high we are basically forced to take the group of channels.

Will I Ever Be Able to Purchase Only the Channels I Want to Watch?

Many consumers would like to be able to pick and choose their

TV channels and purchase them à la carte. Due to the channel tying described above, however, à la carte TV is not currently possible via any cable or satellite provider, including Waitsfield Cable. There's been much discussion in recent years with the FCC (Federal Communications Commission) about the programming tactics of the content providers. So far, the FCC has done little to regulate this aspect of the business.

Why Does My Cable Bill Keep Going Up?

Waitsfield Cable pays for 95 percent of the programming that is shown in our channel lineups. Only our local channel and a few others do not require monthly subscription fees to be paid by us to the content providers. We buy our programming from various content providers. We pay rates per subscriber each month for the programming on our channel lineup. The vast majority of your monthly cable bill pays for this programming. It's important to note that the rates we are given in our rural communities are almost always higher than what is offered to larger companies in more populated areas. We have very little control in determining the rates as most contracts are a "take it or leave it" offer from the content providers.

If you have questions about our TV programming and rates, please call us at 496-5800.

The **best combination**
since mountains and trees:
HD and DVR

With an integrated HD/DVR set-top box from Waitsfield Cable, you get stunning high-definition picture quality plus convenient viewing controls. It's two wonderful technologies combined to form an even more wonderful way to watch TV.

Take a fresh look at the mountains of options offered by Waitsfield Cable. Call our Customer Service Department at 496-5800 and sign up for an integrated HD/DVR set-top box for just \$14.95* monthly.

*A set-top box is required for each television. In order to receive HD programming, you will need a high-definition television set and an HD/DVR set-top box from Waitsfield Cable. HD/DVR service not available to Basic Service Subscribers. Applicable VT sales tax and public, educational, and government surcharges apply.
