## Dear Waitsfield Cable Viewer,

### Here in the Mad River Valley, Mother Nature puts on quite a show.

There's always something awe inspiring see — whether it's a beautiful rainbow like the one above our Waitsfield Cable office pictured here or the reflection of a flowering tree on a pond featured on the cover.

Thanks to WatchTVEverywhere, explained on page 3, you can enjoy Mother Nature's show while you watch shows from your Waitsfield Cable lineup. This free service streams some of your favorite TV channels to your mobile devices, so you can watch TV from wherever you have an internet connection.

What channels do we offer? You'll find our current selection on pages 4 and 5. Then turn to page 6 to learn more about the viewing convenience of our DVR services, which let you watch what you want, when you want.

On page 7, you'll find the Inside i-Guide® HD Quick Reference Guide, which is one more reason to keep this publication handy for family and friends to use.

Thanks for choosing Waitsfield Cable for your TV service. We appreciate your business and hope you thoroughly enjoy the summer and fall months ahead.

Sincerely,

Eric Haskin  
*President & CEO*

### BEFORE, DURING, AND AFTER STORMS

With summer storms in full swing, Waitsfield Cable would like to remind you that lightning strikes can travel through the telephone line and electric energy could possibly be transferred. This can affect any piece of electronic equipment that is plugged into a telephone jack. Please keep in mind these simple steps of what to do before, during, and after a storm:

**Before:** Unplug your electronic equipment if possible. Surge protectors cannot guarantee 100 percent protection.

**During:** Stay off the telephone unless you need to make an emergency call. Lightning does strike telephone lines and there is a chance you could be hurt if you are on a call.

**After:** If you have no dial tone, please check each device in your home that is plugged into a telephone jack. Unplug each device, one at a time, checking each time for a dial tone after they are plugged back in. If you still do not have a dial tone, report your trouble to our service department by calling 496-5800.

- Schedule recordings, set parental controls, and manage program choices on each connected TV.

**To use Multi-Room DVR Service, you'll need a Motorola DCX3400/DCX3501/DCX3510 as your DVR box, and a DCX 700M set-top box for each TV that you want to connect. Stop by our Business Office or call our Customer Service Department at 496-5800 to get started.**

**W**ith Digital Video Recording (DVR) Service from Waitsfield Cable, you're not a slave to the network's schedules. You get to decide when and how you want to watch selected programs:
